

Help Us Help You!

We are a non-profit organization dedicated to supporting families of children who are deaf or hard of hearing with information and resources so they can make the best choices for their child. We are non-biased about communication forms or methodologies, and believe that given good information and support, families will make the choice that is right for their child. We also open our organization to professionals who are interested in a family/child-focused approach to service delivery. Anyone wishing to join and receive our quarterly eNewsletter and email updates may circle the "free limited" options on the registration form below. As a non-profit organization in Georgia, we are dependent upon subscriptions to our newsletter, registration fees at our sponsored events, grants and other donations in order to function. **Therefore, we invite all of our membership to donate a nominal, tax-deductible fee of \$25.00 a year/parent, \$40.00 a year/professional**, to receive our quarterly national newspaper, *The Communicator*, receive free/reduced attendance at our events, and to ensure that a non-biased voice remains available to families. To ensure that you are current in our data base, please take a few moments to fill this out. Thank you for your support.
